SUMMARY

A petroleum and storage installation is located in the southeast section of Kovel (Figure 1). The installation covers approximately 62 acres and is road and rail served.

The storage area of the installation (Figures 2 and 3) contains two administration buildings, seven warehouses, and one support building. The petroleum storage area contains one administration building and nine various size

POL tanks.

The installation is active and little or no change has been noted since [REDACTED] however, improvement in photography reveals buildings which are not new but could not be identified on earlier photography. The installation was covered by 10 KEYHOLE missions between [REDACTED]
